SMITH COLLEGE

Dear Louise:

Whatever became of the happy idea of my being Faculty Adviser for the Smith radio station? If you remember, you and another girl came down to see me about it last spring, I said "yes" - it was published in Scan and Current; someone asked me, a week in advance of one of the many-times-postponed "official openings" of WSCR, to say a few words the opening night; suddenly the opening night had come and gone, no D.T. - (perhaps a welcome absence of d.t.s) - and that's the last anyone ever heard of that idea!

I feel a little silly about it. Do you? Does anybody else?

I was glad to hear you have such a fine job for next year.

Cordially yours,

Day Tuttle
